**The Trainer:** Greg McConkey, originally Empower Education, has been training since 1999. The prime focus has been to deliver environmental health training into regional and remote Aboriginal communities but now Greg resides in Perth and provides accredited chemical application training for landscape maintenance business', revegetation organisations and weed control operations.

**StrataGreen:** Has been operating as a host for Greg since March 2023 to conduct the courses for the Basic Weed Control Units. In December 2023, the RTO (6813) ownership was transferred to StrataGreen opening up a world of opportunities to the educational aspect of the landscaping maintenance industry.

# \$599 +gst

Nathanael joined our team in November 2024 as a Qualified Assessor, delivering training in Basic Weed Control Units. With a strong background in First Aid instruction and Workplace Safety consulting, he brings a hands-on, safety-first mindset to every session. His practical experience and calm, clear communication style make him a valuable asset in the training space. Outside of work, Nathanael juggles a full schedule with the joys and challenges of raising a young family.
